

**Represent each equation with numbers and symbols.****Answers**

1) seventeen minus nine equals eight

1. _____

2) twenty plus zero equals twenty

2. _____

3) nine minus six equals three

3. _____

4) nine minus nine equals zero

4. _____

5) five minus five equals zero

5. _____

6) twenty minus eighteen equals two

6. _____

7) four plus two equals six

7. _____

8) five plus four equals nine

8. _____

9) nine minus eight equals one

9. _____

10) fourteen plus four equals eighteen

10. _____

11) sixteen minus ten equals six

11. _____

12) thirteen plus two equals fifteen

12. _____

13) thirteen minus eleven equals two

13. _____

14) fifteen minus nine equals six

14. _____

15) twenty minus eleven equals nine

15. _____

16) seventeen minus sixteen equals one

16. _____

17) ten minus five equals five

17. _____

18) fifteen minus fourteen equals one

18. _____

19) twenty minus fifteen equals five

19. _____

20) nineteen plus zero equals nineteen

20. _____

Represent each equation with numbers and symbols.

1) seventeen minus nine equals eight

2) twenty plus zero equals twenty

3) nine minus six equals three

4) nine minus nine equals zero

5) five minus five equals zero

6) twenty minus eighteen equals two

7) four plus two equals six

8) five plus four equals nine

9) nine minus eight equals one

10) fourteen plus four equals eighteen

11) sixteen minus ten equals six

12) thirteen plus two equals fifteen

13) thirteen minus eleven equals two

14) fifteen minus nine equals six

15) twenty minus eleven equals nine

16) seventeen minus sixteen equals one

17) ten minus five equals five

18) fifteen minus fourteen equals one

19) twenty minus fifteen equals five

20) nineteen plus zero equals nineteen

Answers

1. $17 - 9 = 8$

2. $20 + 0 = 20$

3. $9 - 6 = 3$

4. $9 - 9 = 0$

5. $5 - 5 = 0$

6. $20 - 18 = 2$

7. $4 + 2 = 6$

8. $5 + 4 = 9$

9. $9 - 8 = 1$

10. $14 + 4 = 18$

11. $16 - 10 = 6$

12. $13 + 2 = 15$

13. $13 - 11 = 2$

14. $15 - 9 = 6$

15. $20 - 11 = 9$

16. $17 - 16 = 1$

17. $10 - 5 = 5$

18. $15 - 14 = 1$

19. $20 - 15 = 5$

20. $19 + 0 = 19$
