- 2) If you spun the spinner 1 time, what is the probability it would land on a white piece?
- 3) If you spun the spinner 1 time, what is the probability it would land on a gray piece?
- 4) If you spun the spinner 1 time, what is the probability it would land on a black piece?
- 5) If you spun the spinner 1 time, what is the probability of landing on either a white piece or a gray piece?

- 
- 6) If you were to roll the dice one time, what is the probability of it landing on an even number?

- 7) If you were to roll the dice one time what is the probability it will NOT land on a 1?
- 8) If you were to roll the dice one time what is the probability it will land on a 1?

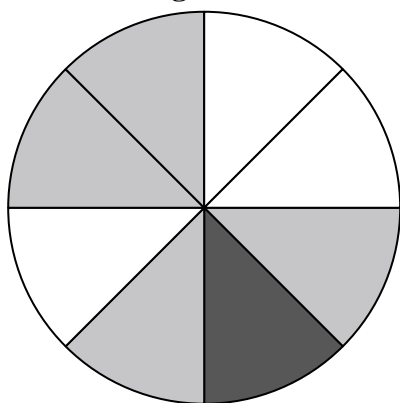

- 9) How many shapes are there total in the array?
- 10) If you were to select 1 shape at random from the array, what is the probability it will be a circle?
