

## Examining Number Value by Place Value

Name: \_\_\_\_\_

Solve each problem.

- 1) What is the value of the 8 in the number 3,918,675?
- 2) What is the value of the 4 in the number 754?
- 3) What is the value of the 5 in the number 5,912,387?
- 4) What is the value of the 5 in the number 517?
- 5) What is the value of the 8 in the number 7,568?
- 6) What is the value of the 5 in the number 56?
- 7) What is the value of the 1 in the number 857,613?
- 8) What is the value of the 5 in the number 52,143?
- 9) What is the value of the 2 in the number 21,593?
- 10) What is the value of the 3 in the number 837,962?
- 11) What is the value of the 2 in the number 79,321?
- 12) What is the value of the 6 in the number 6,821?
- 13) What is the value of the 6 in the number 6,275,439?
- 14) What is the value of the 6 in the number 673,941?
- 15) What is the value of the 2 in the number 31,258?
- 16) What is the value of the 3 in the number 376,481?
- 17) What is the value of the 4 in the number 4,968,513?
- 18) What is the value of the 1 in the number 9,143,785?
- 19) What is the value of the 1 in the number 41?
- 20) What is the value of the 7 in the number 792?
